

Safety Management Services: Municipalities

When you purchase insurance from Selective, you get more than just a policy. Not only do we offer protection for when loss or damage occurs to your municipality, but we can also help you prevent or minimize those losses.

Our team of Safety Management experts can assist you in developing and implementing result-oriented safety management solutions. From safety evaluations and best practice reviews to on site and online training, our programs can help you create a safer environment for your employees and constituents, reduce claims and manage your insurance costs more effectively.

Our consultative approach means we listen to your concerns and work with you as you prioritize your safety management needs and allocate resources to address those issues that will have the greatest impact.

And best of all, most of these services are free to Selective customers. Check out the back page for a full list of the Safety Management services Selective can offer your municipality.

Response is everything.
